

# Have your say!

**30th January 2019**

**11.30 until 1pm**

**ADKC Centre, W10 6SB**

## International Research on Direct Payments / Personal Budgets.

International researcher Francesca Pozzoli, from the University of Milan, would like your input for research about the differences in social care in the UK and in a region of Italy.

She has asked ADKC's Independent Lives Kensington and Chelsea project to help her speak with people who use social care services... in particular, people who have a personal budget / direct payment to arrange their own support.

We will be running a group session for people to share their experiences of the good and the bad... and to discuss how things have changed!

Join us on:

Weds 30th Jan 2019, from 11.30-1 at the ADKC Centre.
